

# Congressional redistricting

## David Grant-Eckhart

Hello there, I'm a high school student who is very interested in the redistricting process, and I drew this map up - [DRA 2020 \(dave's redistricting.org\)](https://dave'sredistricting.org) I tried to submit it on your website, but I can't get the formatting to work, so I thought I could just try emailing a link. I tried to make it compact, and I also kept the same amount of majority-minority districts. I hope you guys take a look, because your first proposal is very non-compact, and this map would nearly accomplish the same goals, but with a much lower chance of being called out for gerrymandering.

Thanks,

David Grant-Eckhart
